

Ben Stansberry

Facilities Property Worker

Facilities Management, CAO Knoxville

13 Years of TVA Service

Education and Professional Designations:

Greenback High School

Pellissippi State Community College

Tennessee Technological University

TVA Experience:

Facilities Property Worker

Member of Laborers' Local 818

Awarded Excellence in Service Award in the TVA Brand Ambassador Category, 2018

Other Information: I am a proud union skilled laborer and a long-time member of Laborers' Local 818, and I humbly ask for your vote and support to join the TVARS Board of Directors. I believe TVA's represented employees deserve additional representation on the board, and I am happy to add my name for consideration.

I have been a full-time employee of TVA since 2013 and currently serve as a property maintenance foreman in the Facilities organization at the Knoxville Office Complex. I work closely with other skilled trades members to perform the safe work necessary to keep our corporate headquarters fully functional for our TVA team members.

I have completed classes at Tennessee Technological University, Pellissippi State Community College, and am a proud graduate of Greenback High School. I have also taken a personal interest in investing and have studied the many options available to us as employees through the retirement system.

In 2018, I was awarded the Excellence in Service Award in the TVA Brand Ambassador category. I am proud to work at TVA and to represent my fellow union members each and every day. Likewise, I have established good relationships with TVA's executive leadership team, Board of Directors, and other corporate employees.

If elected, one focus area of mine will be to roll out targeted financial education sessions for represented employees across the Valley. These will be in partnership with TVARS and Fidelity and allow employees to better understand the options available to them through the retirement system. Investing in employees' financial education today will benefit our employees tomorrow.

Our retirement system offers employees a path to financial freedom at retirement. If elected, I want to ensure the long-term health of our retirement system so that the benefits earned by employees and retirees are available when needed.

I humbly ask for your vote of support in the upcoming TVARS Board of Directors election.

"Win with Ben."

INFORMATION IS BASED ON THE CANDIDATE'S REPRESENTATION.
