CONSIDER WHEN CHOOSING A RETIREMENT DATE

- First of the month versus end of the month . . . because . . . current employee benefits are in effect at the employee rate through the end of the month in which employment ends.
- End of a pay period . . . because . . . leave is not earned until you have credit for a full pay period. An employee is considered to have been employed for a full pay period if he/she is on the payroll for all scheduled work days during the pay period. For example, the end of a pay period for many employees would be the end of their work schedule on Friday.
- End of the leave year . . . because . . . annual leave in excess of 240 is forfeited at the beginning of each new leave year.
- December 31 or earlier . . . because . . . CBBS participants age 60 or older will be eligible for any January cost-of-living adjustment.
- TVA anniversary date . . . because . . . TVA service milestones are based on full years of service.
- TVARS anniversary date . . . because . . . TVARS service milestones are based on full years of service.

Notes:

- (1) If an OBS participant age 60 or older as of December 31 retires after January 1, their pension will be at least as much as it would have been on January 1 with the COLA.
- (2) These milestones are based on routine/normal retirement situations. Unusual circumstances, such as reductions in force or disability retirements, may affect eligibility criteria and actual benefits provided.
- (3) Additional information/documentation is available on the TVARS website and PeopleGateway.
